The Riding Light program – to combine the riding with sight seeing

Overview:

Have a ride with an Andalusia horse through the mountains of Mijas in the morning and use the afternoon for sightseeing in Ronda or to relax on the sandy beach.

We have the perfect program to combine the riding with culture, sightseeing or relaxing.

And you can combine it on your individual conveniences: or one daily ride (in the morning or in the afternoon) or on one day two rides to use the next day for a longer trip.

Dates:

Daily arrival possible

By a booking of one week (7 nights) you have 6 rides of about 2 hours each in the surrounds of the ranch included which you can schedule on your own wishes.

The position of the ranch invites to a lot of sightseeing – the cultural interesting towns of Seville, Cordoba, Granada, Ronda (about 2 hours driving), the busy Costa del Sol and Malaga (about 40 minutes driving) the famous Marbella (about 30 minutes driving) or the sandy beach of Fuengirola (about 10 minutes driving).

Also trips to the inland of Andalusia to know the typical life in towns, the handworks and all kind of “tapas” attract.

In Jerez de la Frontera you can visit the Royal Spanish Riding School with their famous show “Asi bailan los caballos andaluces” and the big sherry factories.

Under “Andalusia” you can find more ideas for your holiday planning.

We suggest you a rent a car for more flexibility. Directly on La Paz you can rent a car by day. But often you get really good offers by your flight booking for rent a cars if you like to have it the whole week. Do not forget your driving licence.

Experienced riders can book a ride at the Atlantic beach directly at La Paz (Euro 70,- / person; minimum 6 clients):

As it is not allowed to ride on the beach at the Costa del Sol we drive over to the Atlantic. In the morning we load the horses and you drive with a minibus along the Costa del Sol, cross Marbella, Estepona, the historic rock of Gibraltar and by good weather enjoy fantastic views over the costs of Africa. You cross Tarifa, the southernmost point of Europe and come to Barbarte. Here you start your ride on the sandy opened beach with views on the costs of Africa. Except during the summer months you will just cross by some local fishers and cows enjoying the warm sand. In Zahara de los Atunes, one of the oldest fisher towns around with a long tradition of tuna fish, you have a rest to refresh a bit before you enjoy again the sandy beach and waves coming in with your horses. Crossing some “verreas”, the old cattle drive ways along fields with the typical Spanish red cows, the “retintas” you get back to Barbarte where your horses get loaded and you can have a late lunch with typical dishes of the aerea (not included)

General information:

The Riding Light program can be booked for days or weeks.

This program can be combined with any program of La Paz.

The arrival can be any day of the week.

On arrival and departure is no riding program.

You ride with Andalusia mares and geldings in Spanish saddles with long stirrups and hackamore on one hand; a very easy and comfortable way of riding for riders and horses. You ride in walk or gallop.

You should have good riding experience in the open country and be able to have a horse under control in the gallops.

Weight limit 95kg

2 hours riding every day.

Arrival and departure:

With your booking you have transfers at given times from and to Malaga airport included. Special transfers (Euro 30,-) can be booked extra and give you more flexibility with your flight booking.
